### **TGRS** General Meeting Minutes

#### June 21. 2014

Meeting was called to order by President Gary Martin.

General meeting minutes of May 17<sup>th</sup> were approved as posted.

Treasurer's report submitted by Ruth Taylor and reported in her absence by Gary Martin showed a checking balance of \$11,123, savings balance of \$17,227 for a total of \$28,350. Revenues from 5/16/14 is \$305. Expenses from 5/16/14 is \$1,443 leaving a deficit of \$1,138. Year to date 2013/2014 is \$11,186. Expenses are \$9,981 leaving a net revenue of \$1,204. Dues for 2013/2014 are \$2,505 and for 2014/2015 are \$510.

Willis Fagg followed up on the swap meet reporting it went well and thanked Glenn Mitchell for stepping in when he got sick. Willis also discussed the options for setting up the train at the VA hospital in December. It will be necessary to work out the best option with the VA. Willis also reported that there will be no Christmas in July this year at the Children's Diamond Hospital as their personnel is not available to plan it.

Newsletter - Nick Buchholz announced he would do a newsletter in July to accommodate articles that did not make June's, however, since we do not have meetings in July and August there will be no newsletter in August. Everyone should note the September 13<sup>th</sup> meeting now.

#### **Committee Reports**

Clinics - Gary is looking for someone to do the clinic at the Sept. 13<sup>th</sup> meeting. Offsite Projects

Tucson Botanical Gardens- Bob Conrad and Gary are keeping the trains running. It is doing well.

Diamond Children's Hospital - Glenn Mitchell reported things are running fine.

Tucson Children's Museum - waiting for a sound system for one of the engines.

Rodeo Museum - closed for the summer. Will open sometime before the rodeo. Allen brought up the history of the joining point of the Eastern and Southern Pacific in Sierra Blanca, east of El Paso. Few people know about its existence.

**Maintenance** - Gary has purchased some parts, recommended that when parts are purchased to buy two as they are becoming difficult to come by.

**Mentor** - Nick Buchholz still has not received an e-mal from a member who wanted to be mentored.

**Social** - The social luncheon this month was well attended with more than twenty people attending. Lunches will probably continue to be held at the Red Garter as the service and food is good.

#### **Old Business**

Awards program - Norm Ulmer discussed how the addition of the Golden Spike Awards to our awards program works. It is a one time presentation that puts the participant in a lifetime recognition program. It is better explained in the new handbook that is now published on the website.

**TGRS Handbook** - Is now available on the website and is open for suggestions on revisions, etc. By-laws have not been changed as the process is too complicated.

**ÅBTO** - The round about with Phoenix is in Tucson this year and is on Nov. 1<sup>st</sup>.

**RAILS IN THE GARDEN**- is a free event this year eliminating the need for ticket sales, etc. There will be as many layouts as available and organized by area throughout the city. This will cut down considerably on club member helpers. Hosts may need to depend on friends and neighbors for help.

Gadsden Pacific - Closed for the summer.

#### **New Business**

Tucson Botanical Garden - Having Sunset Saturdays, June 28, July 26, August 23, September 27<sup>th</sup>.

Richie's Walk - This is a well sponsored event being held Nov. 7<sup>th</sup> at Flowing Wells High School benefiting disabled children. It was decided that we participate probably between 9:30 and 11:30 setting up the children's layout. The event was started by the mother of Richie Fontaine who was disabled and died at the age of 49 from cancer.

Gary mentioned that we check out the wall murals that Blackwells had painted. Pictures are on the internet. Worth looking at.

Respectfully submitted,

Pat Somerhalder

Secretary

#### Rail Fans Trip to China April 22 - May 7, 2014 Part 2

After several amazing days in Shanghai, we were off to Beijing via the Jinghu High-Speed Railway. This was the second train adventure on this trip. Construction of the bullet train line began in 2008 and was completed in 2010. It was open to the public for commercial service in June of 2011. The train travels at a speed of 186 mph or 155 mph depending on the stops. There are 24 stations along this line, also 244 bridges. (Along this route, in 1933, a train ride took 44 hours with an average of 33 mph.)

Originally the trip was scheduled to take 3 hours and 58 minutes at 204 mph but because of cost the speed was reduced and it took us about 5 hours to go the 809 miles from Shanghai to Beijing.

The beautiful, sleek train runs smoothly and is very comfortable. The railway stations were modern and efficient. We enjoyed the ride as we observed the countryside and small villages along the way. Traveling by train is a great way to see the land formations and the farmers as they go about their daily work. I look forward to writing about train trip 3 and 4 in future TGRS newsletters

(For those of you who did not read my first article, twenty five people from Phoenix and Tucson rode trains on a Rail Fans Trip to China. This is the ninth trip that Gary and I have taken with Rich Hull who organizes these train adventures. Members of ABTO and TGRS were among the travelers.)
