TGRS General Meeting at the Averill's

Date: January 17, 2015 –
Time: Trains at Noon – Meeting at 1:00 PM
Where: 62066 E. Amberwood Dr. 85739
Directions:

Easiest way to get there is travel north on Oracle and turn east on Eagle Crest Drive on the north end of Catalina. Take your first right on to Edwin and head east about a half mile and you will see an open gate into the Saddlebrook area on your left. You will be on Clubhouse. Take your first left on Sandcrest and follow it up the hill to where it intersects with Amberwood. We'll have the cross buck sign out. Find a spot to park in on the street and wonder toward the back yard.

Bring your folding chair as our chairs are limited in number. The Casita is finished since your last visit and will be open for your inspection.

The Bobcat and Quail RR

The backyard contains our railroad, The Bobcat and Quail RR has nearly 300 feet of track which meanders around the backyard. An old clear cut and sawmill greets the visitor to the backyard. A few Norwegian loggers still hang out in the area. An old west town and a Mexican town are located on the layout. The time frame for our railroad is the early 1930's situated somewhere in the four corners area.

We run battery power and you are more than welcome to bring your battery or steam powered train to run.
