**I love everything G-Scale and especially Gn15  
From Thomas Preisner**

**\*\*GN15\*\* is essentially narrow gauge G-Scale, modeled at 1/22.5 scale on 16.5mm (HO) gauge track.**

**There is a fairly new British manufacturer of Gn15 called Narrow Minded Railworks, and they have just offered to the public this pretty little loco.**

**It is a kit, but it seems reasonably uncomplicated.**

**Is this something for the newsletter ?**

**Since it is too hot to run outdoors, Gn15 is PERFECT for summer and indoor running.**

**What I really like about Gn15 is:**

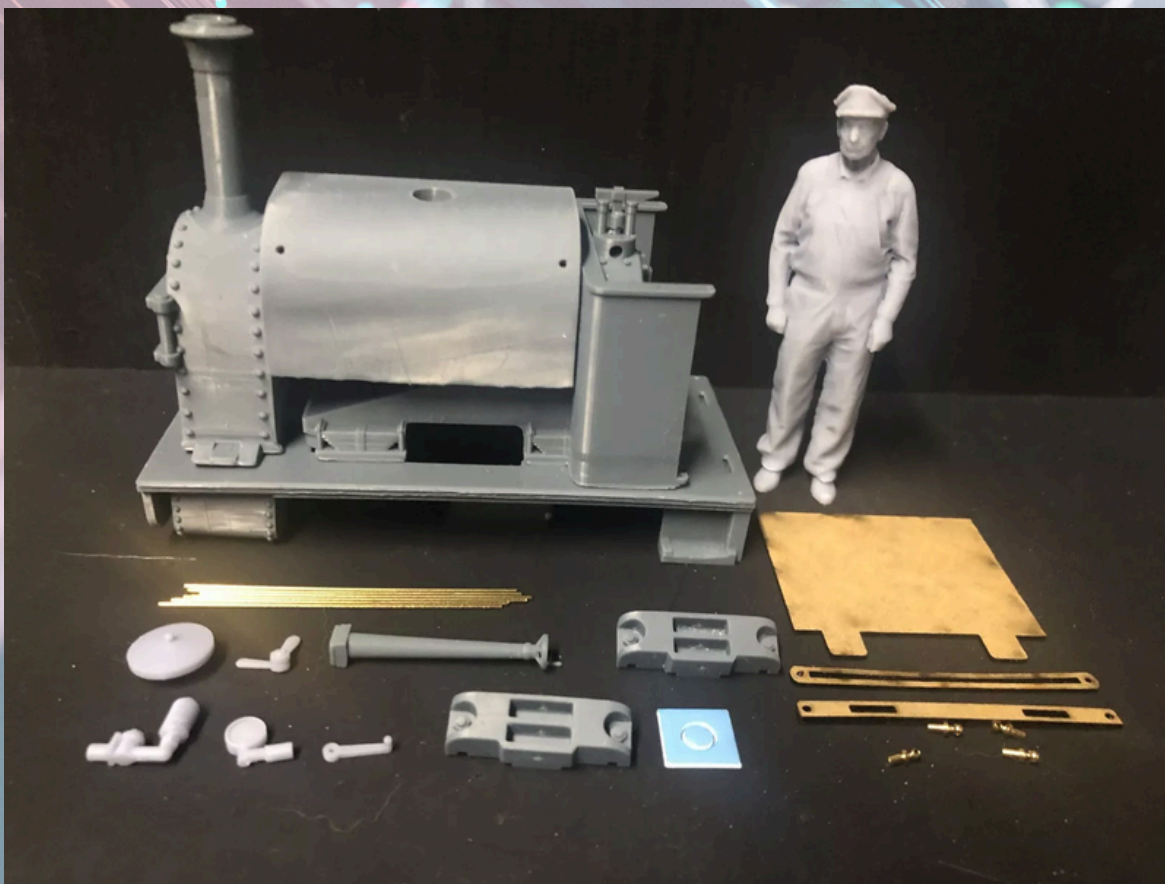

- a) G-Scale but narrow gauge
- b) very affordable
- c) one can use all of one's buildings, figures, cars/trucks etc.

**The loco is a British prototype of course.**

**Narrow Minded Railworks | eBay Stores**

Selling 009 locos, GN15 wagons and accessories all printed in high quality resin. Our products are grea...

**I have also recently purchased 2 loco kits from  
OZARK MINIATURES in Utah.**

**GN15 - ozarkminiatures**

**Apparently Ozark bought the molds from Herb Deeks for the locos and cars they offer in  
Gn15 many years ago.**

**I realize one of the 2 pictures is not very good, but it is the best I could find.  
The kits from Ozark have to be assembled, painted and one has to install their own  
motorblock.**
